REMARKS/ARGUMENTS

Applicants have amended the title of the invention as requested by the Examiner.

Claims 1-5 have been rejected under 35 USC § 102 as been anticipated by US Patent Publication Application 2004/0070341 ("Park").

Although Applicants feel that their invention is patentable over Park, they hereby submit an English translation of the priority document of the present invention, the Korean Patent Application No. 2003-13421, filed March 4, 2003 in the Korean Patent Office, to remove Park as a reference because of the earlier priority date of the present invention.

The translation shows, as discussed below, that Applicants were in possession of the invention before Park's publication date, April 15, 2004, and even Park's filing date, Oct. 2, 2003.

Support for Claim 1 is found in the translated Claim 1 and p. 4, line 27 to p. 5, line 5 of the translation.

Support for Claim 2 is found on p. 6, line 4 of the translation.

Support for Claim 3 is found on p. 4, line 31 of the translation.

Support for Claim 4 is found on p. 5, line 3 of the translation.

Support for Claim 5 is found on p. 6, line 4 of the translation.

Thus, Applicants request that the rejection of claims 1-5 under §102 be withdrawn and that a timely Notice of Allowance be issued in this case.

Respectfully submitted,
